Outdoor Sconce

GLA-9722-OP-BC

DESCRIPTION

Bring style and substance to your favorite outdoor space with Brian Patrick Flynn's Glacier Outdoor Lighting Collection. Inspired by the calving icebergs of Antarctica, this outdoor fixture features a smaller and narrower bottom section with a larger, broader top piece. Sporting chiseled angular lines, Glacier mixes a black charcoal finish with white opal glass panels. The indoor-outdoor Glacier collection is ideal for introducing a touch of sculptural modernist style to any space inside or outside of the home.
